Private Piano Lessons at William Land

Thank you for your interest in piano lessons. I am so happy to offer lessons to the families at William Land. Let me introduce myself. My name is Angela Karren. Some of you will recognize me as Ms. Angela, the attendance clerk in the office. I have taught piano for 14 years. Before teaching, I accompanied vocal students and many choirs. I studied piano for 10 years under Dr. Nikki Landre.

I utilize the Faber method of teaching and have found great success with students. I love how it emphasizes note reading with keys to learning being intervals, and musical expression. Students are rewarded quickly through this method and find themselves playing musically very quickly.

I teach private, 20 minute lessons once a week. Lessons will be Tuesday between 4-6, or Thursday between 3-5.

Each student will be assigned one 20 minute lesson spot. That will be their assigned time for the entire year. There are only enough time slots for 12 students. Only those committed and serious should apply.

Students need to have a piano to practice on every day at home. Weighted keyboards are acceptable. Students of all grades will be considered. Students will need to be able to sit still and stay focused for 20 minutes. Students need to be able to count to 10, and should know their right from left.

Tuition will be \$525 for 29 lessons. Books and materials will be extra. Payments may be made by cash, check made out to Angela Karren, or Venmo @Angela-Karren. This is a discounted tuition for William Land students. Tuition may be made in 2 installments.

I teach note reading, theory, technique, scales, chords, and articulation with a repertoire of original, classical, and popular music.

If you are interested in applying for the piano lesson enrichment, please complete the application page and return to the office no later than 4:00 PM Friday September 14th.

Families will be contacted by Friday, September 21.
