

William Land Elementary School

2120 12th Street, Sacramento, CA 95818

(916) 395-4890

Ellen Lee Carlson, Principal

September 1, 2022

Dear William Land Families,

Welcome to a hopefully “close to normal” school year!!! Our faculty and staff are excited to get reacquainted with your student and continue to cultivate his or her leadership skills through our school-wide Leader in Me initiatives and mindsets in and out of school. To ensure the success of each student, we need each family’s support in the areas below:

A strong partnership between home, school, and our community is critical in the success of a student. We rely on our families to HELP US HELP YOUR STUDENT. Below are routines that we need your help to execute to ensure each student is maximizing his or her potential on a daily basis:

- Ensure all your contact information is current in Infinite Campus and with your teachers
- Access Google Classroom daily for announcements and assignments
- Use your teacher’s weekly newsletter and assignment log to ensure your student is completing all assignments (have your student show you their work)
- Check your emails and voicemails for information from school and your teachers
- Check the school website at <http://williamland.scusd.edu/> on a regular basis for updates
- Have a quiet place for your student to complete assignments
- Help your student met or exceed their trimester SRC goals
- Help your student master their grade level math foundational skills

On behalf of the faculty, staff, and PTA, we thank you in allowing us to be a part of your student’s educational journey. Be sure to save the date for our upcoming Back-to-School-Night on Wednesday, September 7th. Details are available on the school website and instructors for after school enrichment will be available for you to meet and plan out your student’s programs for the year.

“Those who have a why will always find a how.”
