## How do I get a card to carry with me?

Your account is automatically activated, and you may begin using "SC" + your Student ID number at any time to access Sacramento Public Library resources. To obtain a plastic card, visit any branch of Sacramento Public Library. Staff will add a library barcode to your account and issue a card with that barcode on it. At that point you may choose to use SC + your Student ID number or that barcode number to access library resources, both will work to access library ebooks and digital resources.

## What if I already have a Sacramento Public Library card?

You may continue to use that card, and/or your new student library card account. Library staff can merge the two into one card at your request. Visit any branch of Sacramento Public Library to have the accounts combined.

## Can I upgrade my student card to a full library card?

Yes. Visit any branch of Sacramento Public Library to have your student card upgraded to a full library card account. A legal guardian will need to provide photo ID and proof of address, and you will be asked for a phone number and/or email address to add to the account.
