

PARKING PERMIT PILOT

EDUCATIONAL INSTITUTION PARKING PERMIT PILOT

Installation of pilot permit signage for parking spaces bordering the property line of William Land Elementary School is scheduled for the end of September 2018.

Presently, parking along this property line is restricted between 7 a.m. - 9 a.m., then unrestricted afterwards. School staff cannot access these spaces in the morning when school starts or later when the spaces are unrestricted. This results in their need to park in Residential Permit Parking (RPP) zones.

The pilot will establish new restrictions along the school-owned property line that will require an Educational Institution (EI) parking permit to park during specific days and hours. This will allow staff to park at the school and not in the RPP areas.

This pilot will assess whether these new restrictions will provide the balance needed to accommodate parking for school personnel without affecting the nearby RPP zones.

Thank you for your support during this pilot program.
