

# William Land Arts Enrichment Program

## 2020-2021 Academic School Year Syllabus

INSTRUCTOR: Ms. Crystal Ruiz

crystal23ruiz@gmail.com

---

### Brief Description:

This sculpture course will concentrate on development and sculpture ideas through explorations of various materials, techniques and art concepts. Students will take several introductory lectures and demonstrations will take place to help guide students through their sculpture projects. Students will pay close attention to historical and art concepts, with the emphasis of Principles of Design and art/personal vocabulary. At the end of this course, students would have gained and explored with their individual creative expressions.

### Learning Objectives (Outcomes) for Students:

- Students will create sculptures that clearly express their understanding of principles of design.
- Students will demonstrate an understanding of tools, materials, techniques, and processes.
- Students will show maturity of concept and development of an individual creative voice.
- Students will demonstrate critical thinking skills and complete work with a high level of craftsmanship.
- Students work up to their own ability, pace and sense of commitment.
- Students will develop a body of original artwork in Sculpture.

### Week Day/Time/Grade Level:

- Friday: 3:30-4:10 PM Basic Sculpture 1 (1st and 2nd Grades)
- Friday: 4:15-5:00 PM Basic Sculpture 1/2 (3rd through 6th Grades)

Please note: this schedule may be subject to change.

### Materials:

---

Students are expected to pay for a class fee. Please note that the expense will cover your child's experience for a whole year. Students will explore a large range of materials and some materials will be offered and supplied through the instructor. Students are welcome to suggest new materials to be explored throughout the year.

If you have any questions, feel free to contact Ms. Crystal at [crystal23ruiz@gmail.com](mailto:crystal23ruiz@gmail.com)

**Expectations and Rules for Students:**

- Safety: listen, follow instructions, and think before you use it (anything in the room).
- Respect: fellow classmates, the teacher, the facility, materials, and equipment.
- Clean up messes: even if you did not make them! Be a community contributor!
- Follow directions, participate positively, and follow expectations.
- Relax and enjoy it: nothing is perfect, especially art. Embrace mistakes and create something fun from it.
- If you have a question you think I might have already covered - ask three neighbors before you ask me.

**Please note, students who continue to disregard the above rules will be dropped from the class.**

Please proceed to the next page.
